TRAFFIC DETECTOR LOOP SEALANT

EASY TO USE

Pro-Seal 6006 is self leveling and can be poured into the loop slot. No expensive pump systems or special caulking guns are required. Eliminate equipment and equipment maintenance!

FAST

A typical 6' x 60' quadrapole loop can be sealed in a matter of minutes! No pump system to clean or repair at the end of the day. Save both time and money with Pro-Seal 6006.

RAPID CURE

Cures in only 10-15 minutes! Open up the lane to traffic and move on to the next loop without pick-up or tracking.

OUTSTANDING PROTECTION

Pro-Seal 6006 encapsulates, insulates and protects. Loop wires are held in position and completely protected from movement, road debris and moisture. Pro-Seal 6006 does not shrink, which eliminates refilling call-backs.

**"PROPERLY INSTALLED LOOPS ARE THE
MOST RELIABLE MEANS OF VEHICLE DETECTION."**

Manufactured in the USA by RAI Products.

EASY TO USE!

MANUFACTURED BY RAI PRODUCTS

WE HAVE THE CURE!

PRO-SEAL 6006 is an easy to use polyester sealant, available in convenient one gallon cans. PRO-SEAL 6006 eliminates the need for costly pump systems and slow pneumatic caulking guns, which can cause maintenance headaches.

ADDING CATALYST

For one gallon, just add two 1oz. tubes of catalyst. (Included)

MIXING SEALANT

Completely mix contents of can from bottom up. For best results, use a powered mixer. Mix until a uniform color is achieved and there are no visible streaks of red catalyst. (Normal mix time is 1-3 minutes.)

APPLYING SEALANT

Pour pre-mixed PRO-SEAL 6006 into loop slot, encapsulating the loop wires. Smooth sealant into the saw slot with a squeegee.

TESTIMONY - "...Out of all the sealants I've used in the past, PRO-SEAL 6006 is by far the best, and believe me I have used them all. PRO-SEAL can be applied very quickly and cures in just a few minutes, allowing my crew to open the lane up and move on to the next loop. We can seal a typical 6' x 60' quadrapole loop in about 5 minutes using PRO-SEAL 6006." Terry Spell, President, Terry Spell Mechanical Services
